

Emergency Child Care Application

Completing an Emergency Child Care Application does not guarantee acceptance to the program. Emergency Child Care is available to eligible workers who meet the criteria as outlined by the Province of Ontario and who have no other child care options. Emergency Child Care spaces are available based on licensing capacity, staff resources and family needs. **For a list of eligible workers, please see the list on the last page of this application.**

Child care locations throughout the Kenora District are available. Once your application has been approved it will be forwarded to the operator in your community. The operator will then contact you in order to complete the enrollment process. Please note if you do not meet the eligible criteria you will be notified by KDSB .
