Call for Proposals: Child Poverty Reinvestment Funding

The Kenora District Services Board invites proposals for “Child Poverty Reduction Reinvestment Funding”, in new or enhanced programs, benefits and/or services which assist youth residing within the jurisdiction of the Kenora District Services Board.

The Child Poverty Reduction Reinvestment objectives are:

- to help prevent and reduce the depth of child poverty; and
- to promote attachment to the workforce, resulting in fewer families relying on social assistance and ensuring that families will always be better off working. Child Poverty Reduction Reinvestment funds must be used to create new programs or build on existing funding rather than replacing current program spending.

Project proposals that demonstrate community coordination with more than one partner will be considered an asset.

Please fill out the following submission criteria and required proposal information.
