Child Care Worker and Early Childhood Educator Appreciation Day

Thursday, October 22, 2020, marks the 20th annual Child Care Worker and Early Childhood Appreciation Day, which recognizes Early Childhood Educators and staff that work with children's dedication and effort.

Kenora District Child Care Operators and Early Childhood Educators demonstrated tireless teamwork, flexibility, and compassion to achieve the tremendous task of bringing Emergency Child Care to essential workers in the early months impacted by COVID -19.

Kenora District Child Care Operators provide high-quality care to children and families, and as a result, the District is one of the most utilized in the province. Child Care Operators continue to work hard to ensure that children and families continue to receive accessible, safe, and quality services.

"It has been truly humbling to support the Early Years and Child Care sector as they endlessly dedicate and commit themselves to providing safe and quality care to children and families through these very challenging and uncertain times. Their effort on this day and every day does not go unnoticed," says Henry Wall, Chief Administrative Officer of the Kenora District Services Board.

On Childcare Worker and Early Childhood Educator Appreciation Day, the Kenora District Services Board encourages you to thank the people who provide high-quality and safe care to children and their families in the District as we go through this unprecedented time together.
